Counts reflect documents recorded with the Miami-Dade Clerk of Courts naming the association. Claims of lien are most commonly filed by an association against individual units for unpaid assessments; lis pendens indicate pending litigation affecting a unit or the property. Releases and satisfactions record liens or lis pendens being resolved; notices of commencement indicate construction or repair projects; affidavits, judgments and court filings are administrative and litigation-related records. Recorded documents are historical facts and do not by themselves establish the current financial condition of an association.
